

March 8 is International Women's Day (IWD). It's a global day to recognize and celebrate women's and girls' social, economic, cultural, and political achievements. It's also a time to highlight the progress made in advancing women's rights and the ongoing efforts needed to ensure their full participation in all aspects of society.

In 2025, the Government of Canada's theme for International Women's Day 2025 is **Strength in every story**.

This year's theme highlights the importance of amplifying the voices of all women, particularly those who continue to face barriers to success. Creating opportunities for women and girls unlocks their potential and drives innovation, supports Canada's economy, and helps ensure a sustainable future for all.

Every woman's story is a testament to resilience, determination, and the power of opportunity. This International Women's Day, celebrate the women and girls in your life and share their stories.

The Summer Village of Sundance Beach is fortunate to have women like June Boyda, Shawna Dennis and Sandra Ward as our administrators to meet the challenges of today's world. Council fully support our administrators and thank you for the dedication and the extra efforts you take to make the Summer Village of Sundance Beach the wonderful place it is.

Sincerely,
Council, Summer Village of
